Subject Index to Volume 5

Amine fluoride dentifrice
  and mouthrinse, 5:4:26
  and ultraviolet photography, 5:6:19

Behavioral skills, 5:1:18
Blood pressure, 5:2:10; 5:2:17; 5:2:23; 5:5:8; 5:6:12

Carbon penetration of gingival tissue by oral irrigating devices, 5:5:3
Caries, dental
  and diet, 5:1:12
  effects of amine fluoride dentifrice and mouthrinse on, 5:4:26
  occurrence among children and youth in U.S., 5:4:20
  prevention and, 5:3:9

Dental students, freshman, oral hygiene and periodontal health status of, 5:5:21
Dentifrice, amine fluoride, 5:4:26; 5:6:19
Diet, 5:1:12; 5:3:18

Enamel solubility, reduction of, 5:3:36

Folic acid, effect on experimentally produced gingivitis, 5:4:30

Gingival tissue, carbon penetration of by oral irrigating devices, 5:5:3
Gingivitis
  effect of folic acid on, 5:4:30
  effect of urea peroxide on, 5:1:38

Health insurance, in Japan, 5:3:39
Health screening, 5:3:24
Hygiene, dental, changing behaviors, 5:6:4
Hygiene, oral
  motivating changes in, 5:4:14
  and periodontal health status of freshman dental students, 5:5:21
  program for preschool children, 5:6:14
Hypertension, 5:2:10; 5:2:17; 5:2:23; 5:5:8; 5:6:12

Insurance, health, in Japan, 5:3:39
Irrigating devices, oral, carbon penetration of gingival tissue by, 5:5:3

Lip habits, 5:1:30
Locus of Control, as a predictor of dental care requirements, 5:5:29

Mouthrinse use patterns, 5:6:28

Nourishment, 5:3:18
Nutrition, 5:3:18

Oral hygiene
  motivating changes in, 5:4:14
  and periodontal health status of freshman dental students, 5:5:21
  program for preschool children, 5:6:14
Orthodontics, preventive, 5:3:30
  lip habits and, 5:1:30

Pain control, modification of attitudes toward preventive dentistry through, 5:1:22
Periodontal disease, inflammatory
  prevention of, 5:1:26
  treatment of, 5:4:5
Periodontal health status, oral hygiene and, of freshman dental students, 5:5:21
Photography, ultraviolet, and crevicular fluid flow rate, in evaluation of amine fluoride dentifrice, 5:6:19
Plaque, dental
  control of, effectiveness of instruction on, 5:2:27
  effect of urea peroxide on, 5:1:38
Practice, preventive dentistry, 5:1:6

Responsibility development, 5:1:8

Stress, in dental disease, 5:6:24

Urea peroxide, effect on gingivitis and dental plaque, 5:1:38
